GLOBAL URANIUM
CONFERENCE 2023

INVITATION TO SPONSOR

South Australia is the nation's largest producer of uranium, supplying low-carbon energy to the world. The state has a proud track record of safely producing uranium for export since the opening of the Olympic Dam Mine in the 1980s. It has a world-class regulatory framework and more than 35 years of experience in producing uranium for export.

SUSTAINABILITY MATTERS

We are very pleased and excited to make GUC as sustainable as possible to reduce the carbon footprints associated with attending the conference.

Here are some of many ways we will be practising sustainability: Recycling of Packaging, Donatable goods, equipment, and furniture, and Reduce Waste as a whole.
